Cheers to hospital

I would like to thank the Latrobe Regional Hospital, where I stayed for 11 days, for their great support.

The doctors, nurses, physio department and catering staff and everyone involved in my stay there, for their dedication, care and efficiency.

I enjoyed my stay very much and can only speak highly of them.

Keep the great work going, you are a great local hospital and the community should be thankful.

Ingrid Kokshoorn, Yallourn North.
